

ASSESSMENT OF LAGGING SKILLS & UNSOLVED PROBLEMS (Rev. 4/15/11)

Child's Name: _____

Date: _____

Instructions: The ALSUP is intended for use as a *discussion guide* rather than a freestanding check-list or rating scale. It should be used to identify specific lagging skills and unsolved problems that pertain to a particular child or adolescent. If a lagging skill applies, check it off and then (before moving on to the next lagging skill) identify examples (unsolved problems) in which that lagging skill is causing difficulty. Unsolved problems should specify the explicit conditions in which the child or adolescent is having difficulty meeting expectations (a non-exhaustive list of potential unsolved problems is shown at the bottom of the page). To assist in prioritizing, also rate the degree to which each recorded unsolved problem is setting in motion challenging episodes.

LAGGING SKILLS
